

1. Project Information

Project Name	Importing Natural Coral from the Solomon Islands - Project Management Product Life Cycle
Project Manager	Konstantin Kazmierski
Project Sponsor	Mar Organica
Start Date	
End Date	
Objective	To ethically and sustainably import natural coral from the Solomon Islands, meeting market demand while complying with international regulations and promoting ecological conservation.

2. Business Case

Deliverables	Benefits
Environmental Impact Assessment	Eco-friendly sourcing, compliance with environmental standards
Comprehensive Coral Harvesting Strategy and Guidelines	Sustainable coral harvesting methods
Successful Customs Clearance and Quality Control Implementation	High-quality coral meeting specified standards

3. Project Deliverables

Key Deliverables	Target Dates
Environmental Impact Assessment	Milestone 1 – MM/DD/YYYY
Comprehensive Coral Harvesting Strategy and Guidelines	Milestone 2 – MM/DD/YYYY
Successful Customs Clearance and Quality Control Implementation	Milestone 3 – MM/DD/YYYY

4. Project Benefits

Expected Benefits
Cost savings through efficient importation processes
Increased efficiency in customs clearance and logistics
Enhanced customer satisfaction through high-quality coral

6. Project Budget

Total Budget:	\$500,000
Breakdown:	Environmental Impact Assessment: \$50,000
	Coral Harvesting Strategy: \$200,000
	Customs Clearance and Quality Control: \$250,000

7. Project Milestones

Major Milestones	Target Dates
Environmental Impact Assessment Completed	MM/DD/YYYY
Coral Harvesting Strategy and Guidelines Developed	MM/DD/YYYY
Customs Clearance and Quality Control Implemented Successfully	MM/DD/YYYY

### 8. Project Team Members

Role	Name	Email	Phone
Project Manager		[Email]	[Phone]
Environmental Specialist		[Email]	[Phone]
Logistics Coordinator		[Email]	[Phone]

### 9. Project Stakeholders

Role	Expectations
Government Authorities	Compliance with regulations, permit approvals
Environmental Organizations	Adherence to ecological sustainability standards
Solomon Islands Suppliers	Clear communication, adherence to sourcing guidelines

Include a project approval section, with space for signatures from the project sponsor or other key stakeholders
